ZENITH APPOINTS NEW AGENTS FOR INDIAN LEATHER MARKET

Singapore (2 January 2007): Zenith Industrial Chemicals (formerly known as ZI-CHEM)) announces that it has appointed new agents for all the regions in the Indian leather market.

The following companies have been appointed as exclusive agents:

- Talson Inc. for the Delhi region, including the adjoining areas of U.P., Punjab, H.P. and Dewaas.
- Quality Traders S.A. for the Kanpur region, including the surrounding areas of Unnao and Rania.
- Star Hide Company for the Kolkatta region, including the surrounding areas.
- Zi-Tan Chem Specialities for Southern India.

These companies exclusively represent ZENITH in their respective regions for the sale, distribution and technical support of Zenith's range of specialty chemicals for the leather industry.

ZENITH is specialized in the development, production, marketing and servicing of specialty chemical products for use in industrial applications such as in the pulp and paper industry and the leather tanning industry.
